house for sale

15 Scott Street Wolumla
 \$319 000
 3 bedrooms + 1 bathroom + studio + workshop

This beautifully presented renovation of one of Wolumla's original miners cottages is a pleasure to put to the market.

Recently completed, this renovation has retained all the charm of the original building whilst incorporating all the modern touches of a new home. All new wiring, plumbing, stumping and insulation ensures this home has been given another lease of life.

Featuring magnificent recycled floorboards through the living area, and new carpet through the rest of the home, the warmth this home exudes has to be experienced to really be appreciated.

The main living area incorporates a sunny dining area, fireplace and rear deck. The second living area also features a beautiful fire place with timber mantle and new carpets. High ceilings throughout the home and the freshly painted white walls create a lovely sense of space.

The master bedroom features a retreat area as well as a full walk in robe and then leads conveniently to the 2 way bathroom. There is a second full size bedroom and a 3rd bedroom or study off the main living area.

Externally the home presents beautifully, surrounded by cottage gardens and the manicured lawned areas. Hidden under the most amazing locust tree at the rear is a very quaint artist studio with its own garden setting.

If you are truly looking for old world charm within a short drive from Merimbula then this home is sure to impress.
